Survey Results and Employee Feedback

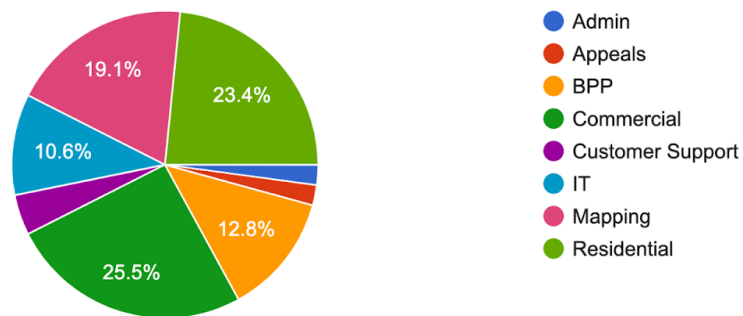

Survey Results and Employee Feedback

In April, 2022 a survey was distributed via email to all Employees in all Departments with the goals of not only gauging interest but also gathering valuable feedback regarding the offering of a hybrid work schedule option. The survey was distributed one time and we received responses from approximately 60% of the organization which we believe is a considerable sample size that provides key insight. It's also important to keep in mind that not all Employees will elect a hybrid work schedule and many prefer to work in-office full time. A link to the survey and its results will be shared with Leadership via email.

We received responses from every department.

What Department do you work in?

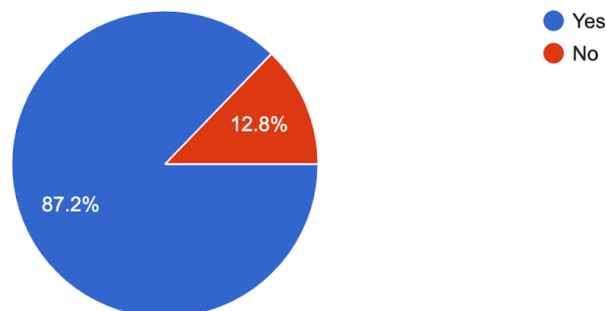

47 responses

Overwhelming interest in a Hybrid Work Schedule Option at 87.2% of Respondents

Are you interested in a hybrid (home/office) work schedule option? If yes, please continue. If no, please select answer and submit survey.

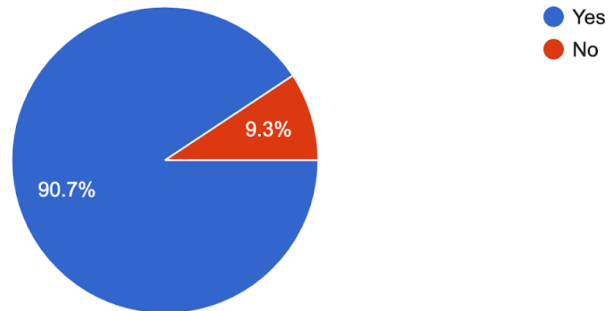

47 responses

90.7% of respondents agree that their job can effectively and efficiently be done from home.

Do you believe that a significant portion of your job can effectively and efficiently be done remotely/at home?

43 responses

We asked respondents to select what was important to them when considering a hybrid work schedule.

- **78.6%** selected both 'More Productive' and 'Work/Life Balance' as being most important to them
- **71.4%** cited 'Less time commuting'
- **69.0%** indicated their job satisfaction would increase
- **59.9%** indicated 'Stress Reduction' was important to them

We included an open field and encouraged employees to provide additional thoughts. Here are some of the replies:

“I just feel like the hybrid/remote work option would benefit everyone in the company. It's a way to take a breather from the office while being able to still complete our work.”

“As you have seen this past year, we are behind and need to work on exemptions. It is impossible with the current staff numbers we have to be able to do everything we need to accomplish. A hybrid schedule would allow for certain employees to stay at home and work solely on exemptions on specific days if they want to. This could increase productivity, efficiency, be more economical for most and create an even happier employees. I have noticed this past year with COVID sickness going around that there were a lot of employees wishing they could work from home as their symptoms would allow. The exempt employees were able to do this if they wanted to, but non-exempt employees were not allowed in my department.”

“Offering a 'work from home' option will help attract more job candidates, as well as retain the great ones we already have. We need more employees immediately (though we know it's not possible within the restraints of the current year budget) and a work from home option would more easily allow us to increase staff, without having to create more offices.”

“My time at home has been by far the most productive, primarily due to the solitary nature of it”

“I think it is no longer the future, Hybrids and work from home jobs are here to stay. Covid showed the world that work, education and even the medical industry can be done via computers and the need for large costly structures to house workers is no longer required. I believe for us to be competitive in the workforce it needs to be part of our benefits package.”

“A work from home option would require slightly more communication between departments which is a good chance to allow for cross-training. It would also allow for better communication between departments if group chats were added for those at home. This could allow for larger discussions that typically require meetings also, and allow for more in depth answers as time constraints. Less commute time typically means more time working.”

Manager Discussions and Feedback

Manager Discussions and Feedback

The next step in the process was direct discussions with each Department Manager to gather additional insight and perspectives. From these discussions, common themes emerged and the policy needs started to take shape.

1. Policy

- Broad support for providing a hybrid work option
- Important to have one policy that applies to everyone
- A/B alternating teams
- Training
 - Managers on same page
 - IT Training/Refresher for Employees who choose Hybrid

2. Oversight/Production/Discipline

- Consensus is that oversight and discipline would not be much different than it is in-office
 - Outline expectations in policy. DCAD Handbook as guide
 - Signed Consent to Policy
 - WFH is a privilege.
 - Make clear that Managers have discretion to call into office for training, special projects, time of year, etc.
- In-office probation period for new employees
- Important to trust who you hire

3. Benefits to the District

- Space-saving
 - Mapping/Data Entry 100% WFH? Manager/Supervisor + 1 or 2 employees per week for counter work/public?
 - Office Sharing? Cubes?
 - Not typical for everyone to have their own offices in today's workspaces. Nice but not the best/most efficient use of space.
- Simple change
 - Modern, Makes sense, Do-able
 - Other CAD's have done or are considering similar schedules (Harris, Bexar, Williamson)
- Keeps us competitive in the marketplace
 - Hiring/Growth
 - Workplace Satisfaction
 - Personal Well-being

**Remote Work Research and
Reference Materials**

Remote/Hybrid Work Research and Reference Materials

As we are all aware, the pandemic ushered in a reimagining of how work gets done and from where. From huge, multinational corporations to small, local organizations, many are adjusting again with a focus on flexibility and capitalizing on the unexpected successes that came from the WFH shift of 2020/2021.

There is no shortage of research studies, polling and stories related to the future of office work but below are just a few snippets with links for further review.

PWC Polling

[\(Link to Findings\)](#)

- PwC surveyed 133 executives and 1,200 office workers in November and December 2020.
- By design or default, most companies are heading toward a hybrid workplace where a large number of office employees rotate in and out of offices configured for shared spaces
- **Remote work has been an overwhelming success** for both employees and employers. The shift in positive attitudes toward remote work is evident: 83% of employers now say the shift to remote work has been successful for their company
- **The office is here to stay, but its role is set to change.** Less than one in five executives say they want to return to the office as it was pre-pandemic.

CareerBuilder Research

[\(Link to Story\)](#)

- Remote and hybrid jobs are attracting 7 times more applicants than in-person roles
- New research from CareerBuilder found that jobs allowing employees to work from home full or part-time saw seven times more applications than in-person roles

Pew Research Polling - February 16, 2022

[\(Link to Findings\)](#)

- Analysis based on 5,889 U.S. adults who are working part time or full time and who have only one job
- (64%) of those who are now working from home at least some of the time but rarely or never did before the pandemic say it's easier now for them to balance work with their personal life.
- (44%) say working from home has made it easier for them to get their work done and meet deadlines, while very few (10%) say it's been harder to do this
- 76% of workers who indicate that their workplace is available to them say a major reason why they are currently teleworking all or most of the time is that they prefer working from home

[\(Link to Story\)](#)

- What's going to happen to all the offices?
 - Whelan: Offices will still exist — they will just evolve.. But the physical office as a place to gather, innovate, and connect cannot easily be replaced.

 - Taylor: There is no question that we're going to have less demand for the traditional office space. Will it go away? No.

How Hybrid Work Can Support Employee Mental Health and Increase Retention

[\(Link to Story\)](#)

- Today's candidates are not only looking for competitive pay; they are looking for competitive benefits. It is no longer just health, dental, and paid vacation
- Most candidates want an employer that values mental health, work-life balance, and a positive work culture
- A hybrid work schedule is one of the most prominent perks candidates are looking for.
- A recent report by Accenture found that 63 percent of high-revenue-growth companies have already enabled hybrid workforce models
- 40 percent of workers found they can be more productive and healthier when working with a hybrid model
- Candidates are seeking a job where they are trusted to accomplish their work rather than follow strict work hours.
- The data is undeniable. A hybrid work model is not only proving to be more effective, but it is what candidates are most looking for in a job opportunity.

'Firms not offering this are missing out': Hybrid home/office work is equivalent to a 10% pay raise, Stanford economist says

[\(Link to Story\)](#)

- 'Employees value Hybrid WFH about the same as a 10% pay rise on average. Firms not offering this are missing out on a highly effective way to retain and recruit staff.'

Remote Work Logistics and IT

Remote Work Logistics and IT

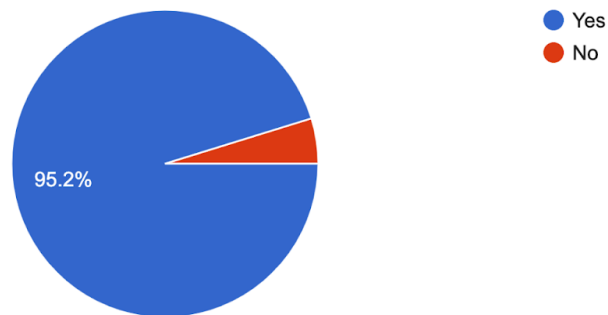

DCAD has made significant investments in technology over the last 2+ years to facilitate working remotely unexpectedly, on short notice or for an extended period of time.

- MAC Mini Desktop
- Google Suite
- Soft Phone
- HIVE/PACS
- Paychex

95.2% of respondents to the Employee Survey indicated that they have reliable high-speed internet at home and **97.7%** do have or can have dedicated workspaces (Requirements per policy)

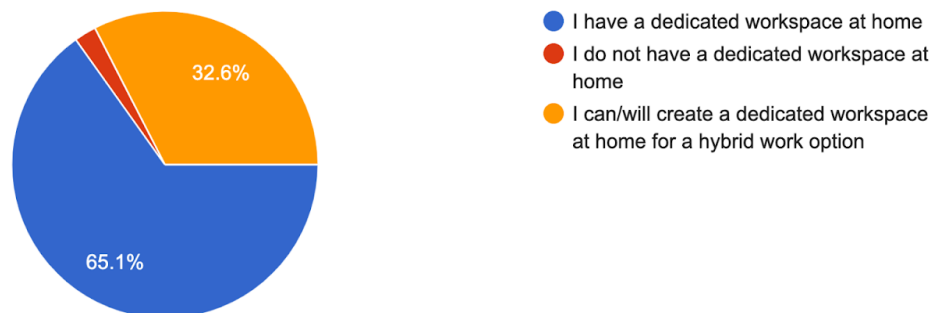

Do you have reliable high speed internet at home?

42 responses

Do you have or can you have a dedicated workspace at home?

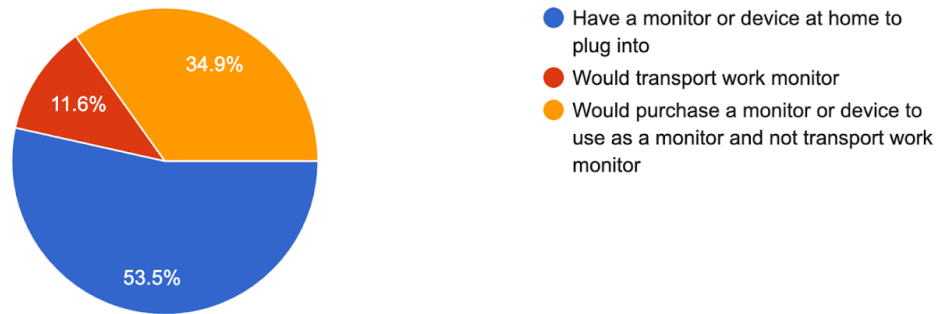

43 responses

Respondents also indicated that they have monitors at home to plug into and if they don't, they are willing to purchase one. Per IT, solutions exist for the 11.6% (4 respondents) who indicated that they would opt to transport their monitors

Do you have a monitor or device at home to plug into or would you transport your work monitor? Or would you consider getting a monitor/ for home to eliminate the need to transport?

43 responses

IT suggests and would lead a refresher training on workspace setup for employees opting for the hybrid schedule. See implementation timeline.

From a technology standpoint, per IT, the District is capable of successfully implementing a Hybrid Work Schedule Option.

DCAD Remote Work Policy

Section 5.11 DCAD Remote Work Policy

Employees should not assume any specified period of time for working remotely and recognize that this plan is not designed to be a substitute for child care needs. DCAD reserves the right to require employees to return to regular, in-office arrangements at any time and notification may be on short notice. Employees will be notified as soon as reasonably possible to any modifications to existing remote work arrangements based on ever changing circumstances, including business needs.

Remote work will be an option for all employees. The remote work option will be considered on a case by case basis particularly for employees with less than one-year employment at the district or for those under disciplinary action. Remote work option is at the discretion and approval of the department manager.

Expectations and Responsibilities for Employees Participating in Remote Work

- Employees must be able to carry out the same duties, assignments, and other work obligations remotely as is expected when working on the District's premises.
- Standards of performance and accountability measures, as set forth by the department manager, remain unchanged during remote work. Employees who are not performing to expected levels while working remotely may be reassigned or may be subject to disciplinary action.
- Employees must be able to give their full attention to work assignments by minimizing distractions and plan for necessary childcare during normal work hours.
- Employees are required to attend virtual meetings, respond to emails and receive phone calls during normal work hours.
- Employees will maintain a safe and dedicated work environment at all times and agree to be responsible for all District issued equipment and avoid any misuse. [See DCAD Equipment and Property Use, Section 9.05](#)
- During remote work, all employees are required to work the hours dictated by their flex or traditional work schedule and overtime is not allowed without manager approval.
- Any deviations to regular work schedules must have advanced approval by management and any time that extends beyond normal lunch/break time should be submitted through PayChex.
- Personal errands are prohibited during normal work hours with the exception of lunch/breaks, unless pre-approved by management.
- Failure to report to work remotely for two consecutive days will require a doctor's note or otherwise may be considered job abandonment. Abuse of time could result in termination of remote work arrangements and/or disciplinary action including termination.
- Employees may be required to report to work in the office on a case by case basis. Failure to do so may result in disciplinary action and termination of remote work options.
- Injuries that occur to employees working remotely during their normal work hours should be reported immediately to Human Resources as any other workplace injury. Normal liability and worker's compensation provided to employees is extended while on remote work status.
- The District does not assume liability for injuries to third persons and/or members of the employee's family on his/her premises
- Adequate internet access and utilities are to be provided by the employee. If any of these become unavailable the employee is expected to return to the office to work or use PTO.

**DCAD Hybrid Workplace
Pilot Program and Employee Consent Form**

Denton CAD Hybrid Workplace Pilot Program

The hybrid workplace pilot program will begin after the 2022 protest period and will continue until the 2023 protest begins. It will allow the District the opportunity to assess and evaluate employee well-being, productivity and efficiency in hopes this can become a permanent benefit offered by the District.

The hybrid workplace is an option and is not required by any employees that prefer to work full time from the office. Employees will be divided into groups based on their flex schedule and circumstances of their department. Remote work will be done during the week of their "Flex Friday" and in office time spent during the opposite week.

Employees should not assume any specified period of time for working remotely and recognize that this plan is not designed to be a substitute for child care needs. DCAD reserves the right to require employees to return to regular, in-office arrangements at any time and notification may be on short notice. Employees will be notified as soon as reasonably possible to any modifications to existing remote work arrangements based on ever changing circumstances, including business needs. The remote work option will be offered on a case-by case basis with less than one-year employment at the district and those under disciplinary action.

All employees participating in the program will be required to sign this document agreeing to the expectation and responsibilities outlined below.

Expectations and Responsibilities for Employees Participating in Remote Work

Conclusion

We believe that the policy and timeline presented provide a forward-looking and easy-to-implement option for Leadership to consider as we move into 2023. While this policy alone does not completely alleviate the growth and space issues, it demonstrates a willingness to make adjustments and focus on what seems to be the main objective over the next 6-12 months and that is increasing the number of full-time employees so that the District can effectively and efficiently fulfill its obligations to the public and to the entities. Furthermore, implementing this policy is a simple way for Leadership to demonstrate its commitment to Employee's well-being and workplace morale. It will show a willingness to not only listen to what is important to workers but to act. As the employee survey and manager discussions illustrate, there is broad support for a hybrid/remote work option and thanks to the District's investment in technology over the last 2+ years, we have the ability to easily and successfully implement it. It is also our understanding that Harris, Bexar and Williamson County CAD's have implemented this type of schedule and now operate fully on a hybrid basis.

The outside research and data are clear. The nature of work has evolved. Remote work has been a success. Productivity generally hasn't suffered. Workers are looking for and, often, expecting modernized work options. Job candidates are placing emphasis on employers that value mental health, work-life balance, and a positive work culture and so far, employers are answering. Some of the largest, most recognizable companies in the country are now offering hybrid work options and believe that working from home at least part of the time is the new standard ([link](#)). As the District embarks on a major staff-up, having a hybrid policy in place will expand the candidate pool and hopefully make hiring good, quality employees that much easier.

We acknowledge that policy changes can present challenges; however, with the inclusion of a pilot program and midpoint manager check-in, we believe that we have allowed time for feedback and adjustments to be made to ensure the success of the policy.

ITEM 5: CHIEF APPRAISER'S REPORT
INTERIM CHIEF DON SPENCER

A. BUDGET

As of October 28, 2022 the Budget was approved for 2023. We received no resolutions to disapprove. No letters or negative feedback of any kind.

B. MEETINGS WITH ENTITIES

Mr. Spencer has attended the Flower Mound Town Council meeting and provided information on budget, plans and initiatives. Received very good feedback from Council Members. Also attended the Denton ISD Board meeting and had the opportunity to talk with Dr. Wilson and had a positive conversation. Mr. Spencer received some good feedback to move into 2023 with and some good positive movement from Denton ISD.

C. UPDATE FROM AGRICULTURAL APPRAISAL ADVISORY BOARD MEETING

The Ag Advisory Board had their routine meeting in the Fall. They have addressed the Farm and Ranch Survey from the Comptroller. Ag Board members helped to fill out the survey and productivity schedule with Eagle Appraisal. This will be used to set new values for 2023. By the end of 2022 there will be two vacancies on the Ag Advisory Board. Richard Webster passed away in October and Shirley Haisler will be retiring from the Board effective January 2023. New applicants will be presented to the Denton CAD Board by January. Currently have four Ag Advisory Board Members but will be down to three once Mrs. Haisler's retirement is effective.

ITEM 6: TAXPAYER LIAISON REPORT - ASHLEY AGUADO

To date there have been eight individual complaints and two ongoing complaints. All complaints have been responded to by the TLO and forwarded to the appropriate manager. Ms. Aguado gave a brief summary of each of the individual complaints. Ongoing complaints are long waits and phone calls not being returned specifically by the BPP Department.

Roy Atwood commented that some people will email him directly and often it is not something he can address so he does forward those to the TLO email address.

Ann Pomykal asked about the outcome of most of the complaints. Ms. Aguado stated that she answers their questions, provides education and then often the Taxpayer will stop responding to emails so when they no longer respond to communication - the complaint is then closed. Mr. Spencer adds that if it is a complaint against the ARB - those are logged and sent to the Comptroller's Office which is a once a year requirement. Comptroller uses those complaints to highlight area for opportunity. Complaints about the ARB are also sent to the ARB Chair for him to be made aware.

Alex Buck asked about the two ongoing complaints - both are due to staffing issues and the lack of Manager in the BPP Department and the time of the year.

ITEM 7: CONSENT AGENDA

THE ITEMS ON THE CONSENT AGENDA ARE CONSIDERED SELF-EXPLANATORY BY THE BOARD AND WILL BE ENACTED WITH ONE MOTION. THERE WILL BE NO SEPARATE DISCUSSION ON THESE ITEMS UNLESS A BOARD MEMBER OR CITIZEN SO REQUEST.

A. APPROVAL OF MINUTES OF THE PREVIOUS BOARD OF DIRECTORS MEETINGS

B. ACKNOWLEDGE RECEIPT OF VALUE CHANGES

Ann Pomykal made a motion to approve all items on the Consent Agenda. Alex Buck seconded the motion. The motion passed and the vote was unanimous.

ITEM 8: DISCUSS, CONSIDER AND APPROVE CHANGES TO THE BOD POLICY

Mr. Spencer referenced the memo that was sent to the Board addressing the policy on meetings and how they are called. Existing policy states the meetings are on the fourth Thursday and that is very definite. Suggesting change to policy giving the board the ability to schedule meetings as needed - giving them more flexibility.

Charles Stafford offered history that meetings used to be scheduled like clockwork and then if they were not needed could be canceled.

Ann Pomykal questioned there are some months without a meeting and asked Mr. Spencer for an explanation. Mr. Spencer explained that we must have one meeting per quarter and those can be calendar at the beginning of the year and discuss when other meetings will be necessary and calendar those as well. This change would allow the board to call meetings, as needed.

Michelle French stated that it would be good to calendar it in as it has been helpful to know when meetings are to plan ahead for as calendars get full quickly.

Ann Pomykal asked about the process of reviewing the entire BOD Policy Manual. Does any of it need to be updated as a team not by an individual? Would like to see this done by Board members in the future. Asked Mr. Atwood for that to be a possibility in the first quarter.

Roy Atwood stated that we have been criticized by the public for canceling meetings when the subject matter wasn't ready. Once we have announced a meeting to the public - there should be a meeting so that we are pushed to get ready. Would like to see the dates set early and stuck to whether there is pressing business to attend to or not.

Charles Stafford pushed for the need for consistency with meetings.

Roy Atwood addressed that the plan is always for the fourth Thursday but this policy allows for flexibility, if needed.

Minutes - Board of Directors Meeting of November 10, 2022

Alex Buck asked should this policy change be made now or should we wait to change everything in the December meeting.

Roy Atwood would like to make this change now and other changes can be addressed at the beginning of the year.

Ann Pomykal made a motion to approve the changes to the BOD Policy concerning meeting dates. Alex Buck seconded the motion. The motion passed and the vote was unanimous.

(j) All services to be performed by The Company shall be performed in accordance with USPAP recommended practices, The State of Texas Property Tax Code, and rules established by the Property Tax Division of the Texas State Comptroller's Office and any other applicable state or federal law.

2. Payment Provisions.

The District shall pay The Company fees for the appraisals as follows:

(a) TOTAL CONTRACT AMOUNT: For the services rendered under The Contact, The Company shall be entitled to a fee of \$180,000.00 DOLLARS per year for the 2023 Tax Year, \$189,000 for the 2024 Tax Year, \$198,450 for the 2025 Tax Year and \$205,000 for the optional 2026 and 2027 Tax Years.

**Appraisal Services Contract
Between Denton Central Appraisal District and Wardlaw Appraisal Group, L.C.**

(b) NUMBER OF PAYMENT INSTALLMENTS: The contract fee for each tax year shall be paid in four (4) equal installments due on January 1, April 1, July 1, and October 1 of each tax year in the following amounts:

TAX YEAR	QUARTERLY AMT
2023	\$ 45,000.00
2024	\$47,250.00
2025	\$49,610.00
2026 Option Yr.	\$51,250.00
2027 Option Yr.	\$51,250.00

(c) If any payment becomes more than 30 days delinquent, an additional Ten (10%) per cent of the aforementioned amount of the late installment payment shall be due as a late fee. For this provision to be applicable, The Company must provide at least 14 days notice to The District to allow them opportunity to correct the delinquency without penalty.

(d) The District acknowledges that (i) to fulfill its responsibilities hereunder, The Company shall need to perform work throughout the period from the date hereof to the date for the finished appraisals, (ii) should The District terminate this contract prior to its completion by The Company, The Company will, with certainty, be damaged by having performed work for which it would not have been paid because of early termination, (iii) in any given appraisal year, The Company's work generally runs from September of one year through June of the following year ("Tax Appraisal Period"), at which point The Company will generally have accomplished the most labor intensive and expensive portions of its appraisals, (iv) the damage to The Company in the event of early termination, although certain, would be difficult to calculate with precision.

(e) District and Company agree that the Liquidated Damages Amount (as hereinafter defined) would be a fair and reasonable approximation of the damages to accrue to Company in the event of any early termination hereof.

(f) In the event of an early termination hereof by District (other than for breach by Company, regardless of any legal authority entitling District so to terminate), District shall pay to Company, as liquidated damages and not as a penalty, the Liquidated Damages Amount as Company's exclusive remedy for such termination.

(g) The Liquidated Damages Amount shall be calculated as follows: (i) As to a termination on or after September 1 for any immediately subsequent tax year, the Liquidated Damages Amount shall be the product of multiplying the sum of the contract price for the tax year times a fraction, the numerator of which is the number of months since September 1 to the month of termination (counting a termination in September as having a numerator of 1) and the denominator of which is 10. In no event shall the fraction ever exceed 10/10. (ii) In any case, there shall be subtracted from the Liquidated Damages Amount any sums theretofore paid by The District to The Company hereunder for the subject tax year.

(h) The provision for a Liquidated Damages Amount in the event of an early termination shall, in no way, provide an independent basis for or right of early termination. This provision does not apply to any work performed in anticipation of a new contract or an extension of the current contract. However, if the current contract is formally extended then the provisions are in effect for the extension period.

(c) The appraisals to be performed hereunder shall be based upon and result from the use of generally accepted appraisal techniques, and shall be made in compliance with applicable state law governing such appraisals.

4. Representation of The District.

The District represents and warrants as follows:

(a) The execution and performance of The Contract by The District have been duly authorized by all requisite action of its governing body and otherwise.

(b) The Company shall devote such time as is reasonably necessary for the satisfactory performance of its duties under The Contract, and in order to meet the deadlines for performance of appraisals as described herein. Should The District require additional services not included in The Contract, The Company shall make a reasonable effort to fit such additional services into its time schedule without decreasing the effectiveness of its performance of its duties hereunder.

7. Termination Because of Abolition or Non-Funding of The District

(a) In addition, anything herein contained to the contrary notwithstanding, it is expressly understood and agreed that in the event that The District shall cease its operations, either as a result of State Law in the event of the abolition of The District by any governmental, judicial, or legislative action, or as a result of the inability of The District to make payment for services due to The Company pursuant to the terms of The Contract because of the failure of The District's participating taxing jurisdictions to make payment to The District in amounts sufficient to fund The Districts operations, then The Contract shall automatically cease and terminate thirty (30) days from the date on which The District announces the plan to cease operation or the condition of lack of funding and the date that operations shall cease. In this event, (i) The District shall give The Company at least thirty (30) days advance written notice before the effective date of termination, (ii) The District shall not be liable for amounts due under the Contract including any liquidated damages, and (iii) The Company is relieved of responsibility for performing any further duties and services described by The Contract.

8. Termination by Agreement

The Contract may be terminated at any time by written agreement of the parties hereto, under any terms that are mutually agreeable. In the event of mutual agreement to terminate the contract, no further liability shall accrue to either of the parties.

9. Termination With or Without Cause

(a) If the Company ceases to perform its work in a professional manner or commits substantial errors in the performance of its work pursuant to this contract, then the District shall notify the company in writing of the deficiency in the Company's performance and provide the Company with 30 days in which to correct the deficiency or error if the law permits correction of the error. The Chief Appraiser may extend the time for the company to correct the deficiency or error beyond 30 days. If the Company does not make the necessary correction or if the law prohibits the correction of an error made by the company, then the District may terminate this contract immediately and pay the Company any funds due on a pro-rata basis without the payment of liquidated damages.

(b) Termination with no cause by giving 30 days written notice is allowed pursuant to established enabling contract law in the Texas Government Code.

10. Indemnification

TO: Board of Directors

FROM: Don Spencer

SUBJECT: Agenda Item #8 – Consent for the Chief Appraiser to Appoint new Ag
Advisory Board Member

Shirley Haisler, long standing Ag Advisory Board member let us know last month she would not be asking to be reappointed to the board. She did give a few referrals for her replacement. I have attached Mr. Jeff Duesman's survey for your review and consideration. Mr. Duesman farms in the northern part of the county similar to Ms. Haisler and I feel he would be a good addition to the board.

RECOMMENDATION: Chief Appraiser asks the board for consent to appoint a new member to the Ag Advisory Board in accordance with section 6.12 of the Texas Property Tax Code.
