SECTION 5: Market Value of Heavy Equipment Inventory

Provide the market value of your net heavy equipment inventory for the current tax year, as computed under Tax Code Section 23.1241. Total annual sales includes the sales price for each sale of heavy equipment inventory in a 12-month period PLUS lease and rental payment(s) received for each lease or rental in that 12-month period. This will be the same amount as the net heavy equipment inventory transaction amount (reported above) and divide by 12 to yield your market value for this tax year.
